The City of Vineyard is in the process of updating its General Plan, which will guide future growth and development over the next 10 to 20 years by providing a framework for policy decisions and code development.

This plan is a reflection of our community's vision for the future. Please join us to review our goals and help us identify which will economically benefit Vineyard and add to the community's quality of life.

JOIN US FOR A COMMUNITY WORKSHOP TO LET US KNOW WHAT YOU THINK.
