Shawn,

Good Morning. I am seeking clarification on: "**Any Vineyard Employee or lobbyist, active or not, from 2017 – Present.**"

Do you anticipate me searching records of all employees past and present, which for example would include referees, crossing guards, and Public Works maintenance employees, or just the departments you indicated below (i.e., Mayor, City Council, City Manager, Administration, Engineering, Planning [Community Development])?

Thank you for help with clarifying your request so that we get you the information in as timely a manner as possible.

Regards,

Pamela Spencer, CMC

- Between which specific individuals or entities do you need the records? Do you want the request to be specific to mentioning “Lake Restoration Solutions, LLC, and their employees and lobbyists

Anything to or from Vineyard City, including:

- LRS
 - Lake Restoration Solutions, LLC
 - Any Vineyard Employee or lobbyist, active or not, from 2017 – Present
 - Jon Benson
 - Ryan Benson
 - Klair White
 - Jeff Hartley
 - Greg Hartley
 - Robert Scott
 - Sage Solutions to and from Vineyard City employees or representatives
 - Foresight Wealth Management
 - Letter in Support of WIFIA Application and correspondence leading up to and after unauthorized letter was sent.
- You asked for “any employee”. Could you be more specific about which departments’ employee records you wish us to search?
 - All council and mayor from 2017 – present
 - Previous City Manager Jake McHargue
 - Current City Manager Ezra Nair
 - Planning Department (Morgan Brim, +)
 - Engineering Department
 - Search parameters that would help narrow down the search to make it less costly for you
 - I really don’t want to narrow it down too much, I will take care of the costs.
 - Search terms, including, but not limited to “LRS, Lake Restoration, Sage, Island, Utah Lake Island, Island Project, American Fork Island, Utah Lake Development Fund”
 - Would also like to include all meeting invites, declined or accepted via email or calendar status.
 - Also, due to the time that it will take to fill your records request, we are denying your request for a fee waiver.

- o *No problem. What would the fee be?*
